Constructed in 2008 the building is located a short walk from the historical centre of Javea with the indoor market, shops, bars and restaurants very close by. The apartment is located on the top floor with elevator, and has a superb, minimalist elegance and excellent distribution of rooms. The lounge has an integral american style kitchen with a useful utility area to one side and incorporates large sliding windows with views to "los molinos" on the hill above Javea. Off the hallway are two twin/double bedrooms with a shared bathroom. Upstairs there is an open plan styled master bedroom with en suite bathroom and a good sized private terrace affording views down to the coast. Heating/cooling provided by reverse air conditioning. There is a trastero in the underground garage area and it is possible to purchase a parking space and more storage if required.
