## Description

What do we say about this amazing property? It is not just the spacious interior with fantastic terrace spaces. It is not just the quality and luxury on offer. It is not the wonderful views on both the sunrise and sunset terraces. It not just the value of being located in one of the best zones of Denia, a short walk to the centre of town, supermarkets, the Club Nautico and the Marineta Playa. Finally, we have to conclude that in this instance the sum is greater than the parts. So, please investigate with our Virtual Visit (simply click on the icon and move around the interior) ... and be persuaded to come and see this great property for real. Notes : two separate entrances (access via lifts), two garage spaces, one store room, four terraces (three enclosed with glass curtains), internal storage areas, domotica, ducted air conditioning
